October 13, 2026

Borough Council:

It is with mixed emotions that I tender my resignation from Borough Council effective Oct 13, 2026. I will be moving to the Atlanta area to be closer to my family. Though this draws to a close this chapter in my life, I do look forward to being closer to family.

It has been a very dynamic experience being a part of the council and not without its ups and downs. I can say with humility that our current Council has managed to maintain focus on what is best for the Borough and the residents. The Borough has come a long way in the last few years and I take pride in working with Council, the Borough Manager, and the Mayor and being part of that progress.

We have overcome many challenges and there are even greater goals and challenges on the horizon that can be achieved and overcome by working together as a team in the governance of the Borough of South Coatesville.

It has been privilege to serve.

Larry Wright

President, Council member
Borough of South Coatesville
